

A pixelated, black and white image of the equation $H = Kp^4 v$. The characters are rendered in a blocky, digital font style. The 'H' is on the left, followed by an equals sign, then 'K', 'p', '4', 'v', and a comma at the end. The image has a low-resolution, dithered appearance.

A pixelated, black and white image of a person in a dynamic pose, possibly a dancer or athlete, with a horizontal bar to the right. The person is on the left, in a dynamic pose, possibly a dancer or athlete. The bar is on the right, consisting of a solid black horizontal bar and a lighter gray horizontal bar above it. The entire image is composed of large, visible pixels, giving it a low-resolution, digital art appearance.

A pixelated, black and white representation of the numbers '117'. The digits are composed of a grid of black and white squares, giving them a blocky, digital appearance. The first '1' is on the left, followed by a second '1' in the middle, and a '7' on the right. The '7' has a horizontal top bar and a diagonal stem that tapers to the right. The entire graphic is set against a white background.
